

Sept. 12, 2018

Exhibit 4

Options to cap fees

- ❖ Variation of current statute
 - The total per capita landowner assessments statewide from persons or corporations who own 20??? acres or less of land must be as close as administratively possible to 60%??? of the total private landowner assessments.
 - The total of all assessments statewide from persons or corporations that own more than 20??? acres must be as close as administratively possible to 40%??? of the total private landowner assessments.
- ❖ Caps on either or both forest land fee or dwelling fee
 - The forest land fee may not exceed ???% of the base fee.
 - The fee for a dwelling may not exceed ???% of the base fee.
- ❖ Cap total fees (total for all parcels under single ownership).
 - No owner shall pay more than \$\$\$???
 - No more than a certain number of fees.

Unpaid Fees

- ❖ Language from SS draft -- 76-13-207
 - The rules may include adjustments for the percentage of owners who fail to pay the fees. For purposes of determining the base fee, dwelling fee, and forest land fee, the department of revenue shall divide the total wildland fire protection preparedness appropriation plus any uncollected fees from prior years by the total of statewide parcels, dwellings, and forest lands.
